MOHAMMED IMAD THOTAN

Business Data Analyst | SQL · Python · Power BI · Tableau

Dubai, UAE | +971 54 125 6623 | mohammedimad031@gmail.com | LinkedIn | GitHub | Portfolio

PROFESSIONAL SUMMARY

Business Data Analyst who turns complex data into KPIs, dashboards and decisions for leadership using SQL, Python, Power BI and Tableau. Brings one year as Technical Lead managing 3+ concurrent client engagements, plus analytics internships where Python automation cut report preparation time by ~70%. Translates cross-functional stakeholder requirements into scalable BI solutions, and builds working tools, not just recommendations.

SKILLS

Analytics & Data: Python, R, SAS, SQL, Sheets, Excel, Power BI, Tableau, Fabric Analytics, Alteryx, ETL, Colab, BigQuery
AI & Technology: Prompt Engineering, NLP / Sentiment Analysis, Machine Learning, Generative AI Applications, Claude Code, Codex, Gemini, Cursor AI, API Integration, Computer Vision, Agile/Scrum, JIRA, React.js, Node.js, Next.js, Full-Stack Development
Business: Management Consulting, Financial Modelling, Commercial Awareness, Strategic Planning, Market Research, Stakeholder Management, Organisational Performance Analysis, Change Management, Business Intelligence, Process Improvement, Hypothesis-Driven Analysis, Structured Problem-Solving
Presentation: PowerPoint, Structured Storytelling, Client Communication, Data-Driven Presentations

EXPERIENCE

Technical Lead – Software Developer | Qlovix | Hybrid ***Sep 2025 – Sep 2026***

- Gathered client business and reporting requirements, defining KPIs, data structures and dashboard specifications.
- Led a developer team on 3+ concurrent client engagements from requirements to production as client lead.
- Standardised team delivery with reusable React/Next.js component libraries, code reviews and QA checkpoints.

Data Analyst Intern | Meknoid Solutions Pvt. Ltd. ***Jul 2025 – Aug 2025***

- Built Power BI and Excel dashboards tracking 10+ key business metrics for operations leadership.
- Automated 3+ reporting workflows in Python, saving ~8 hours/week and cutting report preparation time by ~70%.
- Wrote multi-database SQL queries streamlining reporting for 4+ business teams; presented insights to leadership.

Business Operations & Project Management Intern | Rainbow Pipes ***Apr 2025 – May 2025***

- Analysed production, sales and supply-chain data to identify bottlenecks and inform production planning.
- Coordinated project milestones across 3+ departments to keep delivery on track against operational targets.

PROJECTS

Meridian Health · People Analytics | Next.js, TypeScript, Recharts, Vitest ***Sep 2026***

- Built and deployed a 7-page HR analytics dashboard for a simulated UAE healthcare group (~1,200 staff, synthetic data).
- Defined 17 tested KPIs; found nursing attrition ~1.8x the average and referrals out-converting job boards ~8x.

Google Play Store Product Intelligence Platform | Python, BigQuery SQL, Power BI, Looker Studio, NLP ***Jul 2026***

- Analysed 10,841 apps and 64,296 reviews using 25 BigQuery SQL queries and a VADER sentiment pipeline (76.3% validated), delivering two dashboards and 3 quantified recommendations.

Superstore Sales & Profit Performance Dashboard | Power BI, DAX, Data Modelling ***Jun 2026***

- Built an interactive dashboard on 5,000+ orders and $2.3M in sales with DAX KPIs; found profit leakage from over-discounting low-margin Furniture and recommended category and discount changes.

Ivo AI Health Companion | Python, Streamlit, Google Gemini, OCR, Plotly ***AICTE + IBM SkillsBuild***

- Built and deployed a GenAI assistant that reads PDF/image lab reports via OCR, explains results in plain language, charts lab trends across reports and enforces no-diagnosis safety rules.

ChurnSense AI | Python, XGBoost, SHAP, SQL, Power BI, Streamlit ***Jan 2026 – May 2026***

- Predicted churn on 7,000+ telecom records (ROC-AUC > 0.85, SHAP drivers) with Power BI and Streamlit risk scoring.

EDUCATION

Bachelor of Business Administration (Business Analytics) | MAHE, Manipal | GPA 8.9/10 ***Jun 2026***

Aspire Young Leaders Program, Cohort 1 | Aspire Institute (founded by HBS faculty) ***Jan 2026 – Apr 2026***

AWARDS & CERTIFICATIONS

- 1st Place, Product Innovation Challenge (EcoFlow) | Founder, SkillBridge AI employability platform (Aspire seed fund)
- Google Data Analytics Certificate | DataCamp Data Analytics Associate | Microsoft Power BI | Oxford Saïd AI for Business | Oracle OCI Data Science & AI
