## PROFESSIONAL SUMMARY

Business Technology Analyst who bridges business and technology to implement AI, improve processes and turn data into decisions. One year as Technical Lead running 3+ concurrent client engagements, translating requirements into KPIs, user stories, UAT test cases and releases with a 4-developer team. Skilled in SQL, Python and Power BI; automated reporting that cut prep time by ~70%, and ships AI tools, most recently at Hacktoberfest Dubai (MLH).

## SKILLS

**Data & Analytics:** SQL (MySQL, PostgreSQL, BigQuery), Python (pandas), SAS, Excel, Google Sheets, Data Cleaning, Data Modelling, ETL, Statistical Analysis, Anomaly Detection, A/B Testing, KPI Development, Alteryx, Microsoft Fabric
**Business Analysis & Process Improvement:** Requirements Gathering, User Stories, UAT, Process Mapping, Process Improvement, Workflow Automation, SOPs, Stakeholder Management, Agile/Scrum, JIRA, Market Research
**BI & Reporting:** Power BI (DAX), Tableau, Looker Studio, Data Visualisation, Dashboard Design, Reporting Automation
**AI Implementation & Technology:** GenAI / LLM Integration, AI Workflow Automation (n8n), Voice AI, Prompt Engineering, AI Output Validation, NLP, ML, Claude Code, Codex, Gemini, Cursor, REST API, MCP, Next.js, Git

## EXPERIENCE

**Technical Lead - Software Developer** | Qlovix | Hybrid ***Sep 2025 - Sep 2026***

- Gathered business and reporting requirements across 3+ concurrent client engagements, translating them into KPIs, data structures, dashboard specifications and user stories with acceptance criteria.
- Led a 4-developer team from requirements to production as client lead; prepared test cases and test data for QA/UAT and tracked delivery through risk/issue logs and client status reports.
- Improved delivery with standardised SOPs, reusable React/Next.js components, code reviews and QA checkpoints.

**Data Analyst Intern** | Meknoid Solutions Pvt. Ltd. ***Jul 2025 - Aug 2025***

- Built Power BI and Excel dashboards tracking 10+ key business metrics for operations leadership.
- Mapped manual reporting processes and automated 3+ workflows in Python, cutting prep time ~70% (~8 hrs/week saved).
- Wrote multi-database SQL queries streamlining reporting for 4+ business teams; presented insights to leadership.

**Business Operations & Project Management Intern** | Rainbow Pipes ***Apr 2025 - May 2025***

- Mapped processes and analysed production, sales and supply-chain data to find bottlenecks for production planning.
- Coordinated project milestones across 3+ departments to keep delivery on track against operational targets.

## PROJECTS

**Analyst IQ - AI Retail Analytics Platform** | Python, SQL, PostgreSQL, Gemini, n8n | Next.js, Recharts, Vitest | Link ***Oct 2026***

- Built a retail analytics platform with 11 validated KPIs, 5 dashboards and anomaly detection, cutting false-positive alerts by 73%.
- Automated KPI reporting with n8n and verified every AI insight against source data to eliminate hallucinated numbers.

**Haqq - Voice-First AI Labour-Rights Assistant** | Gemma 4, JavaScript, Vercel, WhatsApp API | Link ***Oct 2026***

- Built at Hacktoberfest Dubai (MLH): UAE workers speak or photograph a contract/payslip and hear it explained in 20 languages.
- Designed a red/amber/green Risk Check grounded in 6 UAE labour rules, with JSON validation and fallbacks for reliable AI.

**Google Play Store Product Intelligence Platform** | Python, BigQuery SQL, Power BI, Looker Studio, NLP ***Jul 2026***

- Analysed 10,841 apps and 64,296 reviews using 25 BigQuery SQL queries and a VADER sentiment pipeline (76.3% validated), delivering two dashboards and 3 quantified recommendations.

**Ivo AI Health Companion** | Python, Streamlit, Google Gemini, OCR, Plotly | AICTE + IBM SkillsBuild ***Sep 2026***

- Built and deployed a GenAI assistant that reads PDF/image lab reports via OCR, explains results in plain language, charts lab trends across reports and enforces no-diagnosis safety rules.

## EDUCATION

**Bachelor of Business Administration (Business Analytics)** | MAHE, Manipal | GPA 8.9/10
Business Intelligence, Data Analytics, Technology Management, Strategy & Operations ***Jun 2026***

**Aspire Young Leaders Program, Cohort 1** | Aspire Institute (founded by HBS faculty) ***Jan 2026 - Apr 2026***

## AWARDS & CERTIFICATIONS

- 1st Place, Product Innovation Challenge (EcoFlow) | Founder, SkillBridge AI employability platform (Aspire pre-seed fund)
- Google Data Analytics Certificate | DataCamp Data Analytics Associate | Microsoft Power BI | Oxford Saïd AI for Business | Oracle OCI Data Science & AI
